October '07 Chang E No.1 Ascends to the Moon; Coincidentally  
the Moon is at its Biggest in Nine Years

Written in Chinese and Translated into English by Feng Xin-ming

(Written for Cantonese Rhyme and Rhythm)

What night is it tonight that  
The moon is so enormous?  
Draws up closely when I walk;  
Follows tightly when I run.  
I slap my forehead, suddenly realizing  
Chang E is ascending heaven.
